

Links used or recommended in the “Finding Data” session

See overview of open data portals here - <https://opendatainception.io/>

US government take on same thing - <https://www.data.gov/open-gov/>

Government portals

UK <https://data.gov.uk/> though these days there's probably more on <https://www.gov.uk/search/research-and-statistics>

Try also looking at individual government department data pages, and local government too – data.gov.uk may help you work out what addresses these have

If you just want official figures - the Office for National Statistics <https://www.ons.gov.uk/> is a good start

And Parliament has a growing data repository - <http://www.data.parliament.uk/>

Don't forget the NHS - <https://digital.nhs.uk/data-and-information>

Outside the UK

US <https://www.data.gov/>

France <https://www.data.gouv.fr/fr/>

Germany <https://www.govdata.de/>

International Orgs

World Bank <https://data.worldbank.org/>

Eurostat <https://ec.europa.eu/eurostat/cache/digpub/keyfigures/>

European Union <https://www.europeandataportal.eu/en>

WHO - <https://www.who.int/gho/database/en/>

IMF <https://www.imf.org/en/Data>

Watchdogs
